Important Considerations for Artists:

The Roanoke-Blacksburg Regional Airport is a busy public venue, and its exhibition space presents artwork that adheres to established public art content standards. We do not exhibit work that includes nudity, overt political references, offensive language, violence and natural or human-made disaster imagery. **Artist must sign an agreement with the Roanoke Regional Airport Commission. Copies of this agreement are available upon request (amandad@flyroa.com).**

Gallery spaces are largely unmonitored, and exhibitions remain on view for up to 90 days. While we take reasonable precautions to protect artwork, there may be pieces that are unsuitable for our environment due to inherent fragility, or technical requirements.

We appreciate the many inquiries and submissions from artists that we receive, however it's not always possible for us to respond to each one. If you have questions regarding the receipt of your submission, please email amandad@flyroa.com.

Perks

Artists or organizations will be recognized on the Roanoke-Blacksburg Regional Airport website (flyroa.com) and social media. Artist is able to sell art displayed with no commission taken by the Roanoke Regional Airport Commission. The art must stay displayed throughout the entire display period.
